Collectors Print Special: May 2010

— ORDER FORM —

This quarter we are offering the second print in the 2010 *Collectors Print Special* series. *Sentinel, Pfeiffer Beach, Big Sur, California*, is a horizontal 5 x 7 platinum print made in 2001. I took a group of photography students from the Waterford School to work for a week in northern California. My belief was that by walking and photographing in the footsteps of Weston, Adams and the many superb artists that followed them, not only would their work become stronger, but also how they looked at the work of others would be forever changed. Many surprises came from this week for all of us. The kids were great but by the end of the week their need for attention and my need to make a photograph of my own were

at odds. In a fit of pique I sent them down the beach to run and play so that I could work in peace. I made a few images on the beach but nothing I felt strongly about. As I headed back up towards the parking lot I caught the shadows of the almost setting sun as it played across these trees. I quickly made three negatives—and the light was gone. I chose this image for the next in the series because of how the dark circle around the tree stump plays to the light in the Round Tower.

This second image of the *Collectors Print Special* is available for \$225.00 (includes shipping) *only* from May 1–31, 2010. (After this date regular pricing on this image will return to \$500.00.) The print will

arrive signed and unmatted, no later than the end of June. Included with this special offer is the pledge that if you purchase all four images in this year's collection you will receive a "surprise" fifth image free.
